**COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

The Examiner's statement of Reasons for Allowance appears to limit the pixel electrode thickness recited in claims 1, 8 and 17 to a particular range that is supported by one exemplary embodiment of the disclosed invention. Applicants respectfully submit that the claims do not recite a specific thickness range and that the disclosed range of approximately 500 Angstroms to 2000 Angstroms, found, for example, in an exemplary embodiment of the invention set forth in paragraph [49] of the main body of the specification is not to be construed as limiting the scope of claims 1, 8 and 17 or claims that depend from claims 1, 8 or 17.
